

The Quantum Leap

"I have experienced your impressive presentation on three separate occasions. It is just what I needed then, and certainly what Jamaica needs in the future. I can find no better way to describe a Kazembe seminar than to say it is a cleansing and a filling all in one. Old fears, suspicions and inhibitions are wiped away and in their stead, participants receive a capacity for love, forgiveness, personal growth and fulfilment. Persevere in the confidence that you have answered your life's calling."

Dr. Henley Morgan Managing Director Caribbean Applied Technology Centre

The Challenge

Business success today requires highly motivated, personally responsible, clearly focused quality people in every position, at every job, working together for maximum results.

The Opportunity

Empower individuals to be more positive, more confident and more effective team members, communicators and problem-solvers. Give them the personal and interpersonal tools they need to build themselves and organisation.

The Potential

The best companies have the best people. When people feel they are growing as individuals, they become more dedicated to growing the company. Total quality management requires total quality people. This course unlocks personal potential and leads to increased achievement, satisfaction and results.

The Benefits

- People feel better about themselves.
- Greater acceptance of personal responsibility for result.
- Superior problem-solving and decision-making skill.
- Improved communications and teamwork.
- Higher productivity and performance.
- Individuals emerge more positive, confident and self motivated.

The Trainer

Courtney A. Kazembe is a world leader in the techniques of leadership, transformational technology, human resource management, human development and empowerment training. An attorney-at-law, he has taken his high powered and highly acclaimed seminar series to cities across USA and Canada.
